

# MY TECH FOR ALL TECHNOLOGY TRAINING

Being included in the **Internet** is more important than ever for people with disabilities.

**Don't be left behind.**

***Come to the webinar***

**Learn from a national expert about current and emerging technology practices for people with disabilities.**

**Register at: <https://bit.ly/3Q3DuWf>**

**Join us**

**SCAN  
ME! >>>**

 **November 01, 2023**  **10-11:30am Eastern Time**

**SHEA TANIS, PH.D.**  
UNIVERSITY OF KANSAS

Come to an exciting talk by Dr. Tanis, a technology expert from the University of Kansas! Learn about how advanced technology helps people be more independent and active in their communities, especially those with disabilities. We'll also discuss the obstacles and how we can make technology more inclusive. Don't miss this opportunity to explore the future of technology!

This project is supported by a grant from the Pennsylvania  
Developmental Disabilities Council
